MAINTENANCE REMINDERS

- Keep your garage closed as often as possible, there are pipes in there that you do not want to freeze!
- Please be careful when driving around steaked areas, there is a lot of stones around the property.
- When the plows are on the property they will do the roads first, driveways second and sidewalks last. They are typically here before work hours for your safety and convenience.
- Please do your best to keep your car in the garage or move them for the plows

Thank you!
